

Global Ambassadors Language Academy K-2 English Language Arts Teachers

Organization Background

Global Ambassadors Language Academy (GALA) is an international, dual language immersion, K-8 school in Cleveland, Ohio. As a nonprofit, public charter school, GALA is tuition-free and enrolls students from within and around Cleveland. GALA currently offers two target immersion languages: Mandarin and Spanish. As the *only* dual language immersion school in Northeast Ohio and *first* Mandarin immersion school in Ohio, GALA offers a nationally successful education model to the region.

As an international school, GALA is pursuing implementation and candidacy in the International Baccalaureate (IB) Primary Years Program (PYP); seeking authorization in our second year of operation. IB is a Swiss-based education program renowned for its international framework and inquiry based learning. As a dual language immersion school, GALA provides instruction of all core subjects (Math, Reading, Science, Social Studies) in two languages: English and a Target Language (Mandarin or Spanish); leading to dual proficiency (reading, writing, listening, speaking) by the third grade.

GALA's Mandarin Immersion Program and Spanish Immersion Program is enrolling Kindergarten, First, and Second grade students for the 2017-2018 school year. GALA will add one grade level each year and grow each year to eventually serve approximately 700 PreK-8 students. In grades K-2, instruction is provided in the Target Language for 70% of the school day and in English for 30% of the school day. In grades 3-5, instruction is provided in the Target Language for 60% of the school day and in English for 40% of the school day. In grades 6-8, instruction is provided in the Target Language for 50% of the school day and in English for 50% of the school day. This model involves two teachers per grade (K-8): one to provide instruction exclusively in the Target Language and the other to provide instruction exclusively in English.
